South Shore Christian School IS HIRING!

We are expanding and need more teachers, ECE's and EA's.

We are looking for Christian educators that are passionate about teaching students to their fullest potential from a Christian perspective. We are a faith-based, child-centered, family-focused elementary school that is committed to helping each student reach their God-gifted potential.

If you are passionate about teaching children from a Christian perspective and have your BEd, ECE or an EA certificate, please apply today! We encourage you to send your resume and cover letter outlining both your teaching experience and your experience in Christian organizations.

We look forward on hearing from you!

Thank you,

Sheila Murray
